 **CHONNAM NATIONAL UNIVERSITY**

Chonnam National University

Founded in 1952, CNU has remained committed to fostering global leaders and professional as one of Korea's most innovative universities with a reputation for its research, teaching, and important role in local communities. Located in Chonnam province, southwest of Korea, CNU encompasses 16 colleges and 11 graduate schools. With 2,200 academic staff members, it provides comprehensive services to 35,000 students including 1,200 international students from 75 different countries in its strive to build a 'World Class' University, meeting the 'Global Standard' with an open campus and an administrative system.

Gwangju

The City of Light: With a population of 1.5 million, Gwangju Metropolitan City is the fifth largest city in South Korea. Gwangju has consistently played an important role in the history of Korea's democracy and human rights movements. In particular, the May 18 Democratic Movement, in resistance against military rule, set an example for many Asian countries who are aspiring freedom and justice. The Nobel Peace Prize Laureate Summit and a Women's Forum in 2006 and 2007 respectively offered opportunities to raise awareness about the spirit of Gwangju, democracy, human rights, and peace around the world. Gwangju is also regarded as a city rich in culture and art, and there are always exhibitions and performances which make the city vibrant and colorful.

Gwangju is designated as an "International Safe Community" by World Health Organization (WHO).

Voices from Participants

Professor Frank Allen Aycock

Appalachian State University, USA

Participating in the 2016 ISS at Chonnam National University in Gwangju was an amazing experience! The opportunity to work with faculty and exceptional students from around the world was fantastic. The students I taught were among the brightest I have ever seen. The staff for the ISS program were knowledgeable and extremely helpful – they were also amazingly friendly to all of us. My faculty colleagues were dedicated professors and teachers who brought a wide range of expertise and experiences to each other and to their students. The cultural opportunities added to the experience as they brought everyone closer to their surroundings and this magnificent country. South Korea is an unbelievable country, rich in heritage, fantastic scenery, and wonderful people. I would highly recommend – and have recommended – this program to any student or faculty member.

This experience changed me. It brought many possibilities, and not only for my academics. We get to learn about some of the world issues through the international students, as they take us around the world. We get to be more comprehensive about the Korean culture through the Korean students, as they take us around the country. Changing your environment comes with understanding it and understanding yourself. My teammates constantly inspired me to exchange and to be tolerant towards our differences. Differences brought us together instead of separating us. The staff members took us on many trips with a lot of fun! I am grateful for that opportunity as it changed my life and would definitely recommend it!

If I had to choose one word to describe the experience in this International Summer Session 2016 at Chonnam National University Gwangju, it would be "Valuable". To me, this program is absolutely valuable in terms of personal and professional gains. I had an incredible opportunity to make friends from around the world whom I still communicate on a regular basis. Good friends were made, great memories last forever. On top of that, I have learned some much beyond on what I expected from South Korea and its people. The university, staff and all Korean buddies were an absolute delight. From the first day till the last day, not a single day that I have not learned something new about the country. Last but not least, all the activities in the program were just amazing to participate in. It was an eye opening for me. I am so thankful and grateful to be in the 2016 program. The University and the staff did a wonderful job. After the program, I have these feelings that Gwangju and Chonnam University was like my "hometown" to me. This is definitely one of the highlights in 2016.

For me, CNU ISS was a place where new relationships were formed and great memories were created in my life. Chonnam National University is definitely a great place to study with its' clean, peaceful, friendly and beautiful environment as well as its' great historical story. CNU International Summer School not only helped me to increase my cognitive aspect, but also allowed me to learn deeper about culture, social, communication and understanding between countries. The activities were very well organized which exposed me a better understanding about Korea. Definitely, Korea is a beautiful country which always rise up and hold up its' great historical value since long time ago and full of respect. As I am a Moslem and was also doing a Ramadhan at that time, I didn't find any big difficulties to practice my praying. Everyone understood me, respected me and helped me with the things I need. I definitely would recommend anyone to join this CNU ISS!

My experience at the CNU International Summer Session was more than words can say. It opened my eyes to Korean culture in an amazing, exciting and intimate way and it gave me the opportunity to interact with students from all over the world, thus opening my eyes to how big the world is. The experience I had at CNUISS influenced me to want to return to Korea as a TESOL teacher/missionary when I graduate. Thanks to this experience, I have wonderful friends, a desire to travel and an aspiration to revisit South Korea in the near future. I am thankful for my time at CNU and I am forever grateful for every person I met, every excursion we went on and for memories that I will treasure forever.
